BENEFITS OF TOYOTA GENUINE

WHY CHOOSE TOYOTA GENUINE ACCESSORIES :

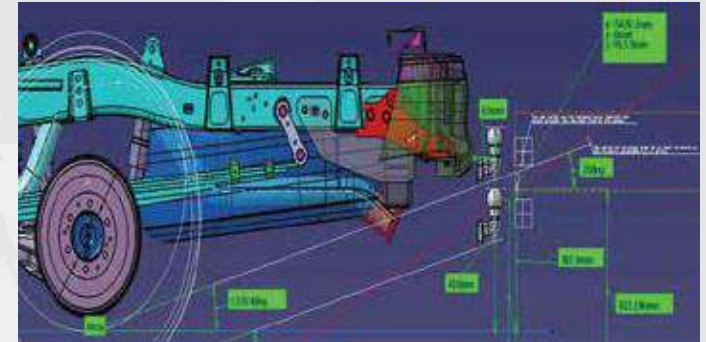

- Engineered for the vehicle
- Durability that won't let you down
- Each product is tested to meet our exacting standards of performance, safety, reliability and durability.
- Perfectly synchronised to vehicle
- Warranty peace of mind
- In addition, the special extra ingredient that comes with every Toyota accessory is that customers have the peace of mind with a 3 year warranty on Genuine Accessories.

GENUINE VS NON -GENUINE

When purchasing accessories for your Toyota, there is no better option than Toyota Genuine Accessories for the following reasons :

- While non -genuine accessories may seem attractive due to favourable pricing, they will cost more in the long run due to reduced functionality and substandard quality.
- Although non -genuine parts may seem like an exact replica of Genuine Toyota Accessories, they are often
- Fitment of non -genuine parts will jeopardise the validity of your Toyota's manufacturer's warranty.

All Toyota Accessories have been designed by Toyota
