
TOYOTA VITZ

MORE CAR LESS CASH

WHEN LAST DID YOU GET MORE THAN YOU BARGAINED FOR?

MODEL SHOWN: VITZ 1.0 XR AMT

They say dynamite comes in small packages – and they weren't wrong! As far as small cars go, the Toyota Vitz range really has a lot going for it – from class-leading fuel efficiency and a 295l boot to a touchscreen infotainment system* and rear parking sensors – all wrapped up as Mzansi's most affordable car!

So, go on. Get more from your car - get more from life!

Perky performance, unparalleled economy, a full suite of safety kit and a generous helping of convenience features, all underpinned by Toyota's legendary reliability assurance, will have you and your new Vitz feeling like a million bucks wherever you go. See? They were right, this deal is dynamite!

6 Colour Options

- Z4Q Torch Red
- Z2S Urban Silver
- WAJ Jet Blue
- ZNZ Dusk Grey
- ZHJ Mystic Pearl White
- WB3 Sonic Black Pearl

WHEN LESS GIVES YOU MORE

MODEL SHOWN: VITZ 1.0 XR AMT

RANGE

Less is more. There's something to be said for this old adage – especially when it means that less of your hard-earned cash gives you more car! Fortunately, with the Vitz that's exactly what you get, leaving more rands where they belong; in your pocket.

Whether you opt for the ultra-affordable Vitz 1.0ℓ, the up-specced XR variant –available in both five-speed manual and self-shifting AMT (Automated Manual Transmission), you'll still feel like a million bucks, even though your bank balance says otherwise.

MODEL LINE-UP:

Toyota Vitz 1.0 MT

Toyota Vitz 1.0 XR MT

Toyota Vitz 1.0 XR AMT

MORE VITZ, MORE VRRRRM

MODEL SHOWN: VITZ 1.0 XR AMT

REINFORCING ITS OVERALL DRIVABILITY, IS THE 49KW, TWIN-INJECTION, THREE-CYLINDER ENGINE – ITS REAL SPARK LIES IN ITS ABILITY TO HARNESS ALL OF ITS 89NM OF TORQUE FROM A VERY ACCESSIBLE 3 500 R/MIN. IN NON-TECH SPEAK THIS MEANS MORE OOMPH FROM ONE TRAFFIC LIGHT TO THE NEXT, AND LESS STIRRING OF THE GEARBOX TO MAINTAIN MOMENTUM.

Many a motoring hack will attest to the fact that small cars are simply the most fun you can have behind the wheel, at least in the real world where there are traffic jams, speed limits and law-enforcement officers with a deficiency in humour. So, while you won't be attempting a land-speed record in your new Vitz, it certainly delivers punchy performance thanks to its low mass, nimble handling courtesy of the front MacPherson strut and rear torsion beam suspension arrangement (optimised for weight and packaging) and, crucially in these times, unbelievably virtuous fuel economy. Speaking of transmissions, the optional AMT (or Automated Manual Transmission), essentially a clutchless manual, combines all the convenience of an automatic with the optimised fuel consumption of a manual. Think of it as the best of both worlds – and it's tech that you normally only get on much more expensive models.

MORE MILES, LESS TIME AT THE PETROL PUMP

No contest – the Vitz goes straight to the top of the class for fuel efficiency. Save petrol – and the planet. Now there's a win-win!

Reinforcing the fuel-saving and eco credentials, is the Automated Manual Transmission* that combines all the convenience of an automatic with the optimised fuel consumption of a manual transmission.

The big plus here is that you'll be able to pump those additional savings straight back into your wallet thanks to the economical habits of the new Vitz – the manual returns an overall consumption of just 4,4ℓ per 100km, while the auto sips at an even more miserly 4,2ℓ per 100km.

* Available on selected models.

MODEL SHOWN: VITZ 1.0 XR AMT

TURN MORE HEADS

MODEL SHOWN: VITZ 1.0 XR AMT

Looks aren't everything, but it's nice to have them all the same.

With its softly-contoured lines punctuated by bold swept-back headlights, teardrop rear light clusters and distinctive chrome grille, the new Vitz passes the design brief with flying colours... oh, and incidentally, it's available in six exciting new hues, including several iridescent metallics.

Unique detailing on the range-topping XR models further enhances the aesthetic by adding niceties such as front fog lamps, glossy smoked 15" alloys and colour-matched door handles and exterior mirrors. From an overall style perspective then, the new Vitz is not going for the big flashy win, preferring instead a refined sense of fashion with a subtle nod to its playful character.

EXTERIOR STYLING

**MORE COMFORT,
LESS CRAMP**

MODEL SHOWN: VITZ 1.0 XR AMT

**ONE PEEK
INSIDE THE VITZ
WILL TELL YOU
THAT YOU'VE
MADE IT BIG.
A SPACIOUS
INTERIOR WITH
AMPLE FRONT
AND REAR
LEGROOM BELIES
ITS COMPACT
DIMENSIONS.**

What's more, you get a best-in-class 295ℓ of boot space and it comes with an interior lever for ease of opening. More boot for your buck!

Amping up the functionality, there's a 60/40 split rear seat as well as a variety of in-cabin storage spaces to keep all your handy items within reach, not forgetting those all-important cupholders for all occupants.

Power steering – tilt-adjustable* of course – and standard rear parking sensors make light work of piloting your Vitz, whether you're cruising down the highway or reversing into a tight parking space.

On the convenience front, you'll find everything you need. We're talking remote central locking*, air conditioning, steering wheel controls, electric windows* and a four-speaker* sound system as part of the Apple CarPlay*- and Android Auto*-enabled integrated infotainment* system. And, obviously, there's Bluetooth and USB functionality for your devices too. Apple CarPlay* and Android Auto* are incorporated to not only make navigating a breeze, but also act as your personal in-car assistant, helping you to access phone features through the infotainment system.

The Vitz's combination meter also lets you see important vehicle data, such as real-time and average fuel consumption monitoring, fuel range and more. You want it, you need it – the Vitz has it.

* Available on selected models.

MODEL SHOWN: VITZ 1.0 XR AMT

MORE SAFETY, LESS STRESS

One of the most solidly built and engineered small cars on the road today.

It's a case of safety first in the Vitz and it all starts under the skin with a smoothly curving chassis, which not only enhances underbody stiffness and dynamic handling, but also contributes to collision safety by more efficiently dispersing energy.

On top of this, there's an all-inclusive list of active and passive systems on the standard safety menu, setting the Vitz apart from many of its price competitors. These include ABS (Anti-lock Braking System) with Electronic Brake-force Distribution (EBD), which helps keep you in control regardless of the road conditions and bringing you to a complete stop every time. Another must-have is VSC (Vehicle Stability Control) – this assists by maintaining traction even when things get really slippery.

HAC (Hill-Assist Control) is a standard feature on AMT models and prevents the car from rolling back when you stop on an incline.

When it comes to occupant safety, there's a comprehensive package of standard kit comprising dual front driver and passenger airbags, pre-tensioners with force limiters for the front seatbelts, child locks and ISOFIX child restraint systems. Providing further peace of mind, there are rear parking sensors, an immobiliser with integrated alarm* and remote door locking*. Isn't it comforting to know you can dream big in the new Vitz, safe in the knowledge that you're driving one of the most solidly built and engineered small cars on the road today?

* Available on selected models.

MODEL SHOWN: VITZ 1.0 XR AMT

TOYOTA ENVIRONMENTAL CHALLENGE 2050

At Toyota, creating technologically advanced vehicles isn't our only priority; we're committed to lowering our environmental impact throughout our entire production process. How? By setting ourselves six challenges that will see us reach a truly world-changing goal: a positive environmental impact by 2050.

ZERO CO₂

CHALLENGE 1

NEW VEHICLE ZERO CO₂ EMISSIONS CHALLENGE

By owning a Toyota you would be contributing to the reduction of vehicle CO₂ emissions by 90% in 2050 as opposed to 2010. You will help us promote the development of next-generation vehicles and further accelerate the spread of these vehicles.

ZERO CO₂

CHALLENGE 3

PLANT ZERO CO₂ EMISSIONS CHALLENGE

You uphold the two main pillars of our strategy to achieve zero CO₂ emissions at our plants which are:

1. Developing and introducing low-CO₂ technologies with ongoing kaizen.
2. Adopting renewable energy sources and utilizing hydrogen energy.

CHALLENGE 5

CHALLENGE OF ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

You have contributed to our 40 years on the challenge of resource recycling. Going forward, by rolling out to the world the technology and systems evolved in Japan, we will all continue working on the challenge of establishing a recycling-based society.

The message is clear – Toyota Motor Corporation (TMC) wholeheartedly supports the Paris Agreement and accepts the challenge to achieve carbon neutrality by 2050. The Paris Agreement is a legally-binding international treaty on climate change and is aimed at reducing the emission of gases that contribute to global warming. While this treaty was only adopted in 2015, Toyota has been innovating and investing in technology to reduce emissions and achieve carbon neutrality for well over 30 years. Toyota has also led the way with more electrified vehicles on the road than any other automaker.

THE TOYOTA VITZ RANGE HAS BEEN MANUFACTURED TO MINIMISE ITS CARBON FOOTPRINT.

Guided by the goals of the Toyota Environmental Challenge 2050, as little impact as possible is made on the environment during each step of the process. From design to manufacturing, to end-of-life recycling programmes, our planet always comes first. This is because the ultimate long-term goal for Toyota is to make all our vehicles as environmentally friendly as possible. With this in mind, the entire Vitz range has been designed to have very low CO₂ emissions.

ZERO CO₂

CHALLENGE 2

LIFE CYCLE ZERO CO₂ EMISSIONS CHALLENGE

You are lending a helping hand to Toyota's efforts to reduce to zero not only CO₂ emissions produced in travelling and manufacturing, but all CO₂ emissions including the process of materials production, disposal and recycling of vehicles.

CHALLENGE 4

CHALLENGE OF MINIMISING AND OPTIMISING WATER USAGE

In automobile manufacturing, we use water in painting, forging and other processes. Therefore, even a small reduction of its impact on the water environments is important. We have two measures to achieve this, comprehensive reduction of the amount of water used and comprehensive purification of the water and returning it to the earth.

CHALLENGE 6

CHALLENGE OF ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

Here at Toyota we have engaged in planting trees at our plants and environmental conservation activities in our surrounding areas. To establish a society where humans and nature coexist in harmony, we are promoting several activities to connect regions, the world and the future.

TOYOTA IS SERIOUS ABOUT COMBATING THE PROBLEMS ASSOCIATED WITH WASTE TYRES IN THE COUNTRY AND HAS THEREFORE TAKEN UP ITS PRODUCER RESPONSIBILITY AS DEFINED BY THE WASTE MANAGEMENT ACT OF 2008. WASTE TYRE REGISTRATION NUMBER: TPREG0031GAU

My **TOYOTA**

IN-CAR WI-FI, ROADSIDE ASSISTANCE AND MUCH MORE

All Toyota vehicles can now be connected to the MyToyota App on your mobile phone, giving you more control of your driving experience and opening up a whole new world of personalised offerings and customisable features, so that you can enjoy:

IN-CAR WI-FI*

Connect to Wi-Fi

GPS LOCATOR

Always know your vehicle's GPS location

Toyota vehicles are known for their Quality, Durability and Reliability. Keeping your Toyota Genuine means no compromises in terms of safety, performance and resale value. The range of Genuine Products and Approved Services will ensure complete peace of mind throughout the ownership journey and beyond. For more information on how to Keep Your Toyota Genuine visit www.toyota.co.za/owners/genuine-parts

TOYOTA GENUINE PRODUCTS

For guaranteed fit and function, **Genuine Parts** are essential in maintaining the safety and reliability of your vehicle. They also comply with all safety, regulatory and environmental requirements, making it the obvious choice. The same exacting precision applies to **Toyota Accessories**, developed by engineers with extensive knowledge on vehicle integration - you can enhance the appeal and functionality of your Vitz without compromising its safety features or warranty. Warranties are about peace of mind, and the **Genuine Unlimited Warranty** is designed to provide superior cover (up to 10 years, unlimited mileage) and a seamless claims process thanks to full integration with Toyota systems. The **Genuine Extended Service Plan** also enjoys exclusive approval by Toyota SA and provides flexible extension options up to 10 years or 300 000 km to suit your period of ownership. Paying today's rates for tomorrow's maintenance is a sensible way to protect the resale value of your Vitz by means of a full service history.

TOYOTA APPROVED SERVICES

Specialised vehicle maintenance requires first-class facilities, advanced equipment and expert knowledge. **Toyota Quality Service and Value Service** not only promise accurate diagnosis and repair, but also a philosophy of building trust through a genuine concern for the needs of our customers. To complement the extensive network of Toyota dealers, we have a vast number of **Accredited Body and Paint Repairers**, selected on stringent criteria to ensure outstanding workmanship and customer service. You can maintain your vehicle's pristine condition without compromising its warranty thanks to the exclusive use of Genuine Parts by our Accredited Repairers. Offering 24-hour access to a full complement of assistance and recovery benefits, **Toyota Roadside Assistance** provides the peace of mind that competent support is only a phone call away.

TOYOTA GENUINE MEANS

✓ UNCOMPROMISED SAFETY ✓ GUARANTEED QUALITY ✓ PEACE OF MIND
