# TOYOTA STARLET

**SPACE FOR  
EVERY FUN**

# SPACE FOR EVERY JOURNEY

MODEL SHOWN:  
STARLET 1.5 Xr AUTOMATIC

Who says growing up means you have to grow old? With the Toyota Starlet, you don't have to choose between being responsible and living it up. You get it all – practicality, performance and personality – the Starlet is designed to match your pace, your lifestyle and your kind of fun, whatever it may be.

Its class-leading spacious interior, means there's room for friends, gear and good times. While its advanced features like smartphone integration and onboard Wi-Fi keep you connected wherever the fun takes you. Let's not forget the more powerful extra fuel-efficient engine that will make you the envy of your street group.

*Backed by the Toyota pillars of quality, durability and reliability, the Starlet is a lifetime commitment to peace of mind and fun-packed value-for-money motoring.*

You can't opt out of grown-up responsibilities but the Toyota Starlet will always be your ticket to fun.

---

# SPACE FOR FUN CHOICES

Made to match your every need, there's no such thing as a bad choice in the Toyota Starlet range – much like there's no such thing as bad fun. Ultimate dynamic control is provided by a standard five-speed manual transmission, while urban warriors are treated to the option of a self-shifting four-speed automatic option. There's enough fun here for everyone.

# FUEL YOUR FUN WITH OUR FUEL ECONOMY

*From everyday errands to weekend escapes – our reliable 1.5ℓ four-cylinder petrol engine will keep you moving with ease.*

Optimised to balance efficiency with ease-of-driving performance, the Toyota Starlet develops maximum power of 77 kW @ 6 000 r/min and peak torque of 138 Nm @ 4 400 r/min. Fuel consumption on all 5-speed manual-equipped models is measured at a frugal 5.4ℓ/100 km and 5.7ℓ/100 km in the automatic versions.

# SPACE FOR BOLD DESIGN

**SMASH YOUR SOCIAL MEDIA WITH THE TOYOTA STARLET.**

*The Toyota Starlet turns heads with a sleek, modern design that's as stylish as it is fun to drive. From its bold front grille and sporty rear spoiler to its eye-catching alloy wheels and vibrant colour options – every detail is made to stand out.*

LED projector headlamps, complemented by LED daytime running lights and front fog lamps\* add a confident touch, giving it a look that's sharp from every angle.

SAFETY

*While the Toyota Starlet lets you maximise every moment of your life, it's also always there to keep you safe on the road.*

Therefore, to protect you and your loved ones, the Starlet is equipped with an extensive array of next-generation safety interventions. These include:

**Airbags** for driver and front passenger; including side and curtain airbags.

**Anti-Lock Braking System (ABS)** designed to modulate excess brake pressure to allow for continued tyre rotation under extreme braking conditions; where excessive pressure would ordinarily lock the brakes and induce a skid or loss of control.

**Electronic Brake-Force Distribution (EBD)** individually distributes braking force to each corner to allow for variances in weight distribution and tyre grip under braking, to increase stability, stopping distance and vehicle control.

**Vehicle Stability Control (VSC)** keeps the driver in control and the vehicle pointing straight on slippery surfaces.

**Hill-Assist Control (HAC)** prevents the vehicle from rolling back when starting on an incline.

**Rear Park Distance Control (PDC)** uses sensors to scan behind the vehicle for nearby stationary objects. Upon detection, a buzzer sounds inside the cabin to alert the driver of a potential impact.

The front seatbelts have an Emergency Locking Retractor function which is further strengthened with pre-tensioners, and force limiters for complete safety and comfort at all times. At the back, the ISOFIX child restraint system is designed to secure baby seats to the rear seat while the rear doors are fitted with child locks to ensure that the little Starlet fans behind you remain strapped in.

Except for the Xr models that have wireless door locking and unlocking, all Starlet models are installed with security technology that includes locking and unlocking of all doors by remote control, an alarm and an immobiliser.

# TOYOTA ENVIRONMENTAL CHALLENGE 2050

AT TOYOTA, CREATING TECHNOLOGICALLY ADVANCED VEHICLES ISN'T OUR ONLY PRIORITY; WE'RE COMMITTED TO LOWERING OUR ENVIRONMENTAL IMPACT THROUGHOUT OUR ENTIRE PRODUCTION PROCESS. HOW? BY SETTING OURSELVES SIX CHALLENGES THAT WILL SEE US REACH A TRULY WORLD-CHANGING GOAL - A POSITIVE ENVIRONMENTAL IMPACT BY 2050.

The message is clear – Toyota Motor Corporation (TMC) wholeheartedly supports the Paris Agreement and accepts the challenge to achieve carbon neutrality by 2050. The Paris Agreement is a legally-binding international treaty on climate change and is aimed at reducing the emission of gases that contribute to global warming. While this treaty was only adopted in 2015, Toyota has been innovating and investing in technology to reduce emissions and achieve carbon neutrality for well over 30 years. Toyota has also led the way with more electrified vehicles on the road than any other automaker.

THE TOYOTA STARLET HAS BEEN MANUFACTURED TO MINIMISE ITS CARBON FOOTPRINT.

Guided by the goals of the Toyota Environmental Challenge 2050, as little impact as possible is made on the environment during each step of the process. From design to manufacturing, to end-of-life recycling programmes, our planet always comes first. This is because the ultimate long-term goal for Toyota is to make all our vehicles as environmentally friendly as possible. With this in mind, the entire Starlet range has been designed to have very low CO<sub>2</sub> emissions.

## CHALLENGE 1

### NEW VEHICLE ZERO CO<sub>2</sub> EMISSIONS CHALLENGE

By owning a Toyota you would be contributing to the reduction of vehicle CO<sub>2</sub> emissions by 90% in 2050 as opposed to 2010. You will help us promote the development of next-generation vehicles and further accelerate the spread of these vehicles.

## CHALLENGE 2

### LIFE CYCLE ZERO CO<sub>2</sub> EMISSIONS CHALLENGE

You are lending a helping hand to Toyota's efforts to reduce to zero not only CO<sub>2</sub> emissions produced in travelling and manufacturing, but all CO<sub>2</sub> emissions including the process of materials production, disposal and recycling of vehicles.

## CHALLENGE 3

### PLANT ZERO CO<sub>2</sub> EMISSIONS CHALLENGE

You uphold the two main pillars of our strategy to achieve zero CO<sub>2</sub> emissions at our plants which are:

1. Developing and introducing low-CO<sub>2</sub> technologies with ongoing kaizen.
2. Adopting renewable energy sources and utilising hydrogen energy.

## CHALLENGE 4

### CHALLENGE OF MINIMISING AND OPTIMISING WATER USAGE

In automobile manufacturing, we use water in painting, forging and other processes. Therefore, even a small reduction of its impact on the water environment is important. We have two measures to achieve this – comprehensive reduction of the amount of water used and comprehensive purification of the water and returning it to the earth.

## CHALLENGE 5

### CHALLENGE OF ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

You have contributed to our 40 years on the challenge of resource recycling. Going forward, by rolling out to the world the technology and systems evolved in Japan, we will all continue working on the challenge of establishing a recycling-based society.

## CHALLENGE 6

### CHALLENGE OF ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

Here at Toyota we have engaged in planting trees at our plants and environmental conservation activities in our surrounding areas. To establish a society where humans and nature coexist in harmony, we are promoting several activities to connect regions, the world and the future.

TOYOTA IS SERIOUS ABOUT COMBATING THE PROBLEMS ASSOCIATED WITH WASTE TYRES IN THE COUNTRY AND HAS THEREFORE TAKEN UP ITS PRODUCER RESPONSIBILITY AS DEFINED BY THE WASTE MANAGEMENT ACT OF 2008. WASTE TYRE REGISTRATION NUMBER: TPREG0031GAU
