WHAT'S NEW IN THE **HILUX** **LEGEND SS**

More power + advanced safety tech

What's new in the Hilux Legend 55?

Toyota has just dropped another reason for us to clap hands and open wallets: the Hilux Legend 55.

- Exclusive Legend 55 badging and Logo-projecting welcome lights
- Stylish bash plate up front - for protection
- Rubberised loadbox is standard - scratches and rust don't get a chance.
- Lockable roller shutter & towbar
- Hydraulically assisted tailgate with auto central locking

When it comes to bakkies that mix lifestyle with load-lugging grit, the Toyota Hilux is basically Botswana's first love. For 55 years, Botswana's most-trusted bakkie has been everywhere - from cattle posts to construction sites, diamond mines to dusty highways - and somehow looked good doing it. Toyota has just dropped another reason for us to clap hands and open wallets: the Hilux Legend 55.

This isn't just a bakkie. It's a Legend.

Born from five decades of mud, sweat and boardroom parking lots, the Legend 55 is the latest chapter in a story that never gets old. Whether you're running an empire or running out of tar, this Hilux has your back - and it'll do it with a grin. Available as a 6-speed automatic 2.8 GD-6, in both Xtra and Double Cab, 4x2 or 4x4, it's

powered by Toyota's turbodiesel heartthrob - 150 kW, 500 Nm of torque, and enough muscle to tow your toys or blitz past traffic when the A1 feels like a Sunday parade.

The Look of a Legend

From the front bash plate that says "come at me", to the rubberised loadbox (because who actually treats a Hilux gently?), the Legend 55 is equal parts attitude and practicality. It has a lockable rollershutter which guards your gear, a towbar's already bolted on, and the badging screams exclusivity without needing to shout. 18-inch alloys tie the suit together.

Styled tough but with luxury in mind. The Hilux Legend 55 includes exclusive features like performance-inspired seats with Legend 55 embossing, door sills shielded with distinctive Legend 55-branded scuff plates and a special Legend 55 transmission plate.

Safety, Sorted

Toyota knows you're juggling more than deadlines and dirt roads, so the Legend 55 comes loaded with Safety Sense 3.0. That means lane-keeping, adaptive cruise, pre-crash systems and the kind of clever electronics that keep you in one piece while you enjoy the drive. Add ABS, stability control, hill start assist and an auto-locking tailgate, and you've got confidence built into every trip.

THE LEGEND CONTINUES...
LEGENDS AREN'T BORN OVERNIGHT. THEY'RE CREATED THROUGH TIME AND MOULDED BY THEIR ACCOMPLISHMENTS.

When the day comes, will you leave dignity... or debt?

Life gives us choices, but death is not one of them. It is the one appointment none of us can postpone — and when it comes, it does not ask if we are ready.

That was the sobering message delivered by FSG Limited team, Botswana's leading funeral services provider. With over 300 employees and one of the widest service networks across the country. FSG has stood beside

Through affordable funeral cover policies and a wide range of support services, they ease the weight families carry on a day when hearts are already broken.

Because grief is already a heavy enough burden. No mother, no child, no spouse should stand beside a grave wondering how the bills will be paid.

...when it comes to the one certainty of life, too many of us choose silence. But silence does not stop death.

countless families at their most difficult hour. Their message was not wrapped in sentiment — it was plain, truthful, and unavoidable: we will all need a coffin, a plan, and the means to give dignity to those we love when they depart.

FSG Limited is not just in the business of coffins, tombstones and burial arrangements. They are in the business of dignity.

FSG's message cuts through our natural hesitation to face death. We plan weddings, we plan retirements, we plan for school fees — yet when it comes to the one certainty of life, too many of us choose silence. But silence does not stop death.

Buy a funeral policy cover now.

LEAD THE WAY

HAPPY 59 YEARS OF INDEPENDENCE

This year, we celebrate the ride of a lifetime — the incredible journey of a nation. Against every obstacle, Botswana has shifted gears, kept the engine roaring, and powered through the terrain of history.

May our unity remain the strongest suspension and our spirit the most reliable engine, inspiring every generation to keep driving forward.

Here's to Botswana — a land built for the long haul, running on hope, progress, and endless possibilities!

The management and staff of Broadway Toyota Mahalapye would like to wish the President His Excellency Advocate Duma Gideon Boko and Batswana happy independence holidays. Pula! Pula!

Broadway Toyota Mahalapye shifts gears to match your clock.

You spoke, we listened — now we're open from 07h00. Your voice set the clock.

At Broadway Toyota Mahalapye, we've always believed that the voice of the customer is more than just feedback — it's the steering wheel that guides the way we do business. After carefully listening to the people we serve, management has adjusted trading hours to make it easier and more convenient for our customers to reach us.

From September 1, 2025, our dealership will now be open from **07:00 to 17:00, Monday to Friday**, every year. The showroom and offices will remain closed on weekends, but may open on selected public holidays at management's discretion.

This decision follows countless conversations, suggestions, and shared experiences from our valued customers. Each comment was taken to heart, and every piece of feedback was weighed with care.

Dealer Principal, Nazir Mia, captured the spirit of this change perfectly when he remarked: "The work must start at 07:00 — not employees arriving at 07:00 or still leaving home at 07:00." The light-hearted moment drew laughter, with many in the room nodding knowingly, realising, "He's talking about me!"

For us at Broadway Toyota Mahalapye, this is more than just a change in operating hours — it's a reaffirmation that we are here to serve you, not the other way around. Because when our customers speak, we don't just listen — we act.

2025 BROADWAY TOYOTA MAHALAPYE SOCCER TOURNAMENT

Final after final, same story: Mahalapye D.H.M.T denies Broadway glory

The dust has settled on the BR Ground in Mahalapye, and what a spectacle it was. The 2025 Broadway Toyota Mahalapye Soccer Tournament lit up the BR Ground on Saturday, August 23, 2025, as eight teams went head-to-head in a day filled with goals, grit, and plenty of drama. And while the hosts, Broadway Toyota

walked into the pitch vowing to drown the hosts and flush them out early in the tournament. But soccer, as always, has a wicked sense of humour. The water men huffed, puffed, and poured everything forward, but the hosts closed the valves, shut off the mains, and left them running dry. By the end of the game, it was

WUC walked into the pitch vowing to drown the hosts and flush them out early in the tournament.

Broadway Toyota, were out to finally break their curse against old rivals Mahalapye DHMT, the script remained painfully familiar.

Mahalapye 3, WUC 0 — a flood of goals in one direction, a drought in the other.

The curtain-raiser set the tone. The tournament kicked off with Broadway Toyota Mahalapye hosting Water Utilities Corporation (WUC). WUC

Up next, Mahalapye DHMT showed why they're a force of nature. Up against BIUST, the team looked sharp early on, holding possession and threatening to run away with it. But as the saying goes, **(cont'd on page 5)**

(from page 4) football is about goals, not promises. The professors tried to calculate their way back into the game — formulas scribbled in their heads — but football isn't solved with equations. It's solved with boots. The medics stitched up the match 2-1, leaving BIUST still experimenting for answers.

In came Trollope Botswana, men of machines and big diggers, looking to bulldoze through anything in their way. But the Mahalapye District Council (MDC) aren't just about minutes and motions — they came with a game plan written in stone. Trollope Botswana drew first blood, but MDC clawed back with a quick equaliser before hammering home the winner. Final score: 2-1, and Trollope Botswana's debut to the Broadway Toyota Mahalapye Soccer Tournament was cut short despite their brave fight. Trollope Botswana were left buried under their own rubble!

The final quarterfinal tie pitted Botswana Railways Rolling Stock against Botswana Power Corporation — Morupule Station. When locomotives meet power plants, you expect sparks — and this one delivered. The Palapye side fired up the engines but ran out of steam. Rolling Stock outpaced them with a 2-1 victory, booking a ticket to the semi-finals.

With the stage set, the last four promised more fireworks. Mahalapye DHMT proved ruthless again, brushing aside and derailing Botswana Railways Rolling Stock with another 2-1 win to secure their spot in the final. On the other side, Broadway Toyota outlasted Mahalapye District Council in a nervy clash, edging them 2-1 to book what felt like destiny: another showdown with their old nemesis, Mahalapye DHMT.

The grand finale had everything — history, pride, and revenge on the line.

Broadway Toyota Mahalapye came in desperate to rewrite the ending, but Mahalapye DHMT, unbeaten and unbothered, had other plans. Once again, the health giants injected pain into Toyota's campaign, sealing a 2-1 victory. The hosts' lone goal came via a penalty — their only way past the iron wall of DHMT's defence.

For Broadway Toyota, it was heartbreak revisited.

For DHMT, it was business as usual — lifting the trophy, reminding everyone why they remain the immovable obstacle in this tournament.

Where were we? Tutume District Council 2025 Wellness

Broadway fuels Tutume District Council Wellness Day

Tutume came alive on 15 August 2025 as the Tutume District Council Wellness Expo took over McConnell Grounds with a vibrant programme that drew people from the village and beyond. The day opened with a marathon and aerobics session, energising the crowd and setting the tone for an event that blended health, awareness and community spirit.

Broadway Toyota Mahalapye joined hands with other stakeholders to make the day a success, reminding Tutume residents that the brand is only a call away when they need support and service. As part of the contribution, the company donated bottled water, keeping participants refreshed and energised through the day's activities.

Broadway Toyota Mahalapye engaged with the community directly, sharing information, brochures and contacts while extending a message of care. For many in attendance, it was more than water—it was a sign that Broadway Toyota Mahalapye is invested in the wellbeing of the people it serves.

The company stood alongside Botswana Telecommunication Company (BTC), Bank Gaborone, Tebelopele, Francistown Academic Hospital, Botswana Unified Revenue Services (BURS), Babereki Insurance Brokers, Thusano Funeral Undertakers, Furnmart, Fighter Support Group and the Tutume DHMT. Together, the organisations created a space where wellness and awareness came together for the benefit of the community.
